

### **NEX Fees for 2003**

NEX issuers will be subject to all fees prescribed in the TSX Venture fee schedule for sustaining fees and filings made until December 31, 2003.

Commencing in 2004, NEX will combine the sustaining fee and filing fees into a quarterly listing maintenance fee of \$1,250, payable on the first business day of each quarter. The quarterly fee will likely increase by another \$250 once Internet filing becomes available.
